**QUALITY TYRES FOR
A BUDGET PRICE**

ALL-SEASON TYRES

GL 4season 2+

FEATURES & BENEFITS

- Reliable grip in all seasons
- Enhanced safety on wet roads
- Quiet and comfortable driving

NEW

GL 4season +

FEATURES & BENEFITS

- Advanced rubber compound provides good grip in all weather conditions.
- Tread design with noise-reducing technology provides a quiet and comfortable ride.
- Self-cleaning tread for optimal performance in dirt, water and snow.

GL 4season LT

FEATURES & BENEFITS

- Offers optimal driving performance in winter conditions, as well as on dry and wet roads.
- Decreases the risk of aquaplaning.
- Improves grip on wet surfaces and lowers rolling resistance.
- Reliable choice in every season.

GL 4season LT +

FEATURES & BENEFITS

- Large tread blocks provide a higher load capacity and good performance at high speeds.
- Shoulder tread blocks with more 'bite-edges' offer better grip on wet roads and in winter conditions.
- Rough tread with micro grooves provides more grip and shorter braking distances.

WHAT DOES GOLDLINE OFFER?

The complete assortment of Goldline tyres consists of tyres for PCR, UHP, LT, caravans and trailers.

In total Goldline offers 220 sizes, from 12 up to 20 inch.

The ranges and sizes are continuously expanded and adjusted to the current European fleet.

All Goldline's all season and winter tyres are marked with the M&S and 3-peak Mountain Snow Flake symbol (3PMSF), which means that they meet the demands for the European winter tyre legislation.

4 REASONS TO CHOOSE GOLDLINE TYRES

- ★ **SUMMER, WINTER AND ALL SEASON TYRES**
- ★ **COMPLETE ASSORTMENT (PCR, UHP, 4x4 & LT)**
- ★ **GOOD PRICE QUALITY RATIO**
- ★ **GLOBAL BRAND**
